

CAMPING TOSCANA Village

MONTOPOLI IN VAL D'ARNO (PI)
In the heart of art

Toscana Village It is about 50.000 m2 and it offers space enough for spending a comfortable and relaxing stay. Our 135 places are quite big (70-10 m2) and the 37 mobile homes with private garden are located in order to offer our guests privacy and confort. The geographical position of Toscana Village, in the heart of Tuscany close to the main cities of art such as Florence, Pisa, Lucca and Siena, makes the Village a good starting point for your daily excutions. We are not faraway from the seaside, therefore many guests use our campsite as a starting point for visiting the main Tuscan beaches. Camping Toscana Village is also an interesting place for a pleasant stay in the rolling Tuscan hills, it is situated on a hill in the valley of the Arno river in a mixed grove of cypresses and pines.

One of the main attractions of **TOSCANA VILLAGE** is the swimming pool, where you will find free sun umbrellas, lawn chairs and sunbeds.

Our proposal for SF Caravan members is the **fixed price of 14.00 Euro per day including the pitch with 2 people and the electrical hook-up in low and shoulder season**; while we will be glad to apply the **20% discount on our price list in peak season**.
